

Umpiring plan 2012

Welcome all to the 2012 season. As you are well aware, without umpires we have no games. Therefore I would like to urge all players if you have any interest in umpiring or learning to umpire that you avail yourself of one of the following sessions that will be on offer throughout the year.

Session 1 - Experienced umpires and umpires from last year

This will be a refresher session looking at all aspects of the game and going over the rules and interpretations for the year so that we are all on the same page when it comes to the rules of hockey.

Date: Friday 2nd March at 5pm NIHC hockey centre. To go for around 1 hour

Session 2 - Persons looking to learn how to umpire.

This will be a series of session's dependant on the numbers whereby we will go through the rules, interpretations, positioning, control, understanding play and how to control heated situations.

Date: Friday 9th March at 5pm NIHC Hockey centre. To go for around 1 - ½ hours

Anyone looking to be badged or who would like to be considered for a state championship should notify me of your intensions and I will ensure that this is looked into.
